

# Credit Course Subject

Course descriptions at [www.mccc.edu/catalog/catalog\\_courses](http://www.mccc.edu/catalog/catalog_courses) are presented alphabetically by subject. The three-letter prefix abbreviates that subject area; the three digits that follow identify the particular course. Generally, courses numbered 100 or lower are academic foundation courses; courses numbered from 101 to 199 are first-year offerings; and 200-level courses are second-year offerings.

Each description specifies the course's credit value, which determines the tuition charge and the extent to which the course contributes toward the credit requirements for a degree.

Throughout the course descriptions, the indicator at left identifies approved General Education courses.

All courses require college-level competence in reading, writing, and basic mathematics unless otherwise specified. Minimum proficiency is determined by one of the following: college skills placement test; completion of required academic foundations courses in reading, writing, and computation; or evidence of equivalent academic preparation. Specific skill requirements and additional course prerequisites are noted in individual course descriptions.

## Prerequisites and Corequisites

Some courses require specific prerequisites or corequisites.

- Providing a foundation of related learning, a **prerequisite** is a course that must be successfully completed prior to starting any course requiring it.
- Providing complementary content, a **corequisite** is a course that must be taken either along with or prior to starting another course requiring it.
